MUSGROVE MILL GOLF CLUB

An Arnold Palmer Signature Course

COURSE DESCRIPTION: When Arnold Palmer designed the course layout for The Mill, he took advantage of it being located in the foothills of South Carolina. With its changing elevations found throughout the Par 72 terrain, The Mill has a unique layout, with each hole providing a different and memorable experience. And, the condition of the course is as remarkable as the design, with carpet-like fairways and infamous greens. The Enoree River comes into play on a number of holes. The river and other associated aspects of this wetlands habitat all add up to a unique golf experience. Most notably is the fact that there are no homes on or even near the course.

Format: Shamble
